## Historical Site Project Research Summer Student Student Post Secondary

Muskowekwan First Nation in partnership with Young Canada Works is seeking a Historical Site Summer Student

### Candidate Profile

- Candidates will work with Historical Site Advisory Group and the community to research and compile history of this former school
- Ability to work in a team, but also independently
- Be able to meet all deadlines
- Be flexible, and motivated to work with a site with a long history that has had negative and traumatic impacts on indigenous children and families
- Have research skills for online and archival materials and abilities to assess and summarize relevant information
- Have computer and social media skills
- Be willing to perform work on site – landscape and site improvements for commemorative ceremony
- Good communication skills with community, with supervisors, and with external government and academic institutions
- Good organizational skills and ability to work to the scheduled work plan tasks
- An understanding and interest in Indigenous history, and the impacts of colonialization and government policies on generations of Indigenous people nationally, and locally
- Good public relations skills

### Qualifications

Position commencing May 2023 and ending August 2023, candidates are from post-secondary programs and returning to post secondary education program in the Fall 2023.

Salary, Orientation and Ongoing Training will be discussed at candidate interviews

### Please apply by May 23, 2023
